Address: 06010 Ankara (Turkey)

ABOUT ME

I graduated from Ankara Medipol University with a computer programming associate degree. I improve myself to be a full-stack web developer. Right now I'm studying for an exam to be a software engineer. I want to complete my associate degree program to a software engineering license degree program. I worked at ARD Group for my internship for 20 days. When I have free time I'm participating in online software courses.

WORK EXPERIENCE

Internship

ARD Information and Software Technologies [31/01/2022 – 25/02/2022]

City: Ankara

Country: Turkey

I did an internship for 20 working days at ARD Information Software Technologies company on websites, mobile application error detection, operation control and documenting the resulting steps.
